ASTIGMATISM.

What It Is, and How Corrected.

Astigmatism or Irregular Vision is one of the most common of all the refractive errors. It is due to the irregular curvature of the film known as the Cornea. Of course no instrument is sufficient to correct it, but in the hands of a thoroughly efficient and competent Eye specialist the ophthalmometer reveals the exact condition of the eye in a way that nothing else can. If your eyes need attention have DR. J. T. JOHNSON to put them under this wonderful instrument. Office hours 8:30 to 12:30; 2 to 6. 302½ S. Elm St.

THE FUND GROWS.

Another Subscription to the Good Roads Movement.

Correspondence Telegram.

There has been no public movement undertaken in Greensboro which will yield larger returns in prosperity than Mr. Wharton's plan for macadamizing 40 miles of the public roads leading into Greensboro. It is sure to result in increased values both for the county and the city. Such roads will enhance the value of every farm in reach of them and of every foot of land in the city into which they lead. Such roads will bring increased business to every business establishment in Greensboro. Such roads will do more to induce immigration than all other agencies combined, and the Greensboro Industrial and Immigration Association can make no better investment than a liberal contribution to this cause.

Mr. Ceasar Cone has set the pace of public spirit by the generous proposition to contribute $4,000 of the necessary $20,000. We desire to follow his lead in liberality and public spirit, and agree to contribute $1,000 to this fund when the necessary $20,000 has been subscribed, and we believe we will get larger returns from it than from any investment we have ever made. BADLY NEEDED.

A Barber Shop with a Public Bath Room Attached.

We have here in Greensboro some good barbers. No trouble to get a good smooth or close shave; but at the approach of the warm weather season especially, do we hear complaints from travelling men and strangers in the city, on account of not being able to get a good bath. The fact of the business is there is not a public bath room in town. This is a pointer to some of our enterprising barbers. There is a good profit in the business and there is no question about the demand.

There is hardly a place in the whole country the size of Greensboro that hasn't a place where the tired and dusty traveler can go and get a good "rub down" without being invited into some friend's private bath room. We have heard several complaints along this line in the last twenty-four hours. Who will supply this want?

We Have It—Number 25.

The Telegram office is adorned with a telephone—a genuine oak case, long distance, double jointed, electrical, step-saving talking machine—and we are proud of it. Since the removal of the Telegram office, about a month ago Manager McAdoo has been unable to put in more 'phones on account of the installation of a cable line and the Telegram was one of the many who were crowded out. But we got ours this morning and were informed that all the orders will soon be filled.

The Telegram's number is 25 for the present, at least. Call us up when you have any news.

Admiring a Pretty Foot,

Clad in handsome and perfect fitting Oxfords—every one does that loves beauty in any form. But whether your foot is pretty or not, it always looks so when the Oxford is well shaped and of fine material. Our new line just opened is as pretty as a picture, the acme of comfort and will keep your "tootsie wootseys" cool and comfortable during the hot weather. Better bring us your feet and let us fit them properly—Read our ad in today's issue. Carolina Shoe Co.

FINAL PEACE NOW ASSURED?

Thus Says The Latest Reports From Manila.

AGUINALDO SENDS A COMMISSION

To Submit Peace Overtures to General Otis—Clothed With Power To Act—Reports Believed.

By Wire to THE TELEGRAM.

St. Louis, May 18—A Globe-Democrat special cable from Manila, says: "It is reported here that Aguinaldo has decided to accept the terms of peace which have been offered by the American Philippine Commission and that he has started representatives from San Isidro to Manila. It is said that he reached this decision at a conference held at San Isidro the day before General Lawton's capture of the city and that the fighting took place after the decision was reached. The reports are believed here and it is also believed that final peace is now assured at an early date."

THE PEACE OVERTURES

By Cable to the TELEGRAM.

Manila, May 18—Aguinaldo has sent commissioners to General Otis with the most significant peace overtures yet made by the rebel commander. It is understood here, that unlike the previous envoys these are clothed with full power to surrender all armed forces of Filipinos to the American authorities. All former negotiations were rendered of no avail by the fact that the native delegates had no powers beyond those of learning the American terms and reporting back to the rebel congress.

Aguinaldo and his cabinet, it is reported, met at San Isidro before the Americans arrived there and decided to send a commission to accept the terms of General Otis' proclamation. General Lawton was unaware of this when he advanced on the city. The Filipino leaders then retired but the commission bearing Aguinaldo's submission is expected tomorrow.

CHINESE APPLY FOR RELIEF.

The Chinese consul has applied to General Otis for relief for his countrymen, and says they are persecuted by the insurgents. He reports a thousand Chinamen captured at Daguipan and forced to work in the trenches while their property is confiscated. Kobbes' column is hurrying toward Candaba.

CABLE FROM OTIS.

By Wire to THE TELEGRAM.

Washington, May 18—General Otis cables as follows: "Representatives of the insurgent cabinet and Aguinaldo in the mountains twelve miles north of San Isidor, abandoned on the 15th, will send a commission tomorrow to seek terms of peace. A majority of the force confronting McArthur at San Fernando have retired to Tarlas, tearing up two miles of railway. This force has decreased to two thousand five hundred.

STILL WRECKING CARS.

Street Car Strikers Making Trouble. Using Dynamite.

By Wire to the TELEGRAM.

Duluth, May 18—The striking street car men wrecked another car with dynamite last night. The car was filled with smoke and the passengers were greatly terrified but unhurt. The shock from the explosion broke glass in buildings opposite the car and buildings five blocks away were shaken. An hour later a car on Twentieth avenue east, was assaulted from both sides with stones. Several panes of glass were broken.

Paris Postoffice Strike.

By Cable to THE TELEGRAM.

Paris, May 18—Business at the postoffice was at a standstill this morning owing to a general strike among the employes. Not a single postman was on duty and not a letter delivered in the city. The mails are lying in the postoffice unclassified and there is already disastrous stoppage to much business throughout the city.

Preparing for War.

By Cable to the Telegram

Durban, South Africa, May 18—It is evident that President Kruger is preparing for a possible war with England. Boer troops are mobilizing on the frontier, the greatest force being near Ladysmith, which is considered the most vulnerable point on the frontier.

DAUGHTERS OF CONFEDERACY.

Their Next Meeting Will Be On the 19th of June.

At the last meeting of the Daughters of the Confederacy, the time of meeting was changed to the nineteenth day of the month, so there will be no meeting until the 19th of June. On that day it will be held in the auditorium of the North Greensboro graded school which has been graciously tendered the ladies by Prof. Grimsley.

THE PEACE CONFERENCE.

Called By The Czar of Russia Opened This Afternoon.

By Cable to THE TELEGRAM.

The Hague, May 18—The peace conference called by the Czar of Russia opened at two o'clock this afternoon in Hall Huis Ten Bosch, or the House in the Woods, two miles from the city. M. Beaufort, president of the council and foreign affairs minister of the Netherlands, delivered the inaugural address and welcomed the delegates.

MCKINLEY'S CONGRATULATIONS.

By Wire to THE TELEGRAM.

Washington, May 18—The president today sent the following message to the Czar of Russia:

"On this day of good omen I send heartfelt congratulations upon the opening of the conference at The Hague, which had its origin in the enlightened and generous initiative of your majesty.

"(Signed) William McKinley."

FIVE WEEKS OF COURT.

Special Term Opens Here Next Monday.

Guilford's special term of court will open next Monday, with Judge Timberlake, presiding. It is for the trial of civil cases only and will continue two weeks, when the regular three weeks' term will open, with Judge Bryan on the bench. This gives the county five successive weeks of court, the longest term in many years.

The civil docket is full to running over and it is hoped that, between the two terms, it will be materially lightened.

The Views Displayed.

Considerably more than a year ago the Telegram had some photographic views of old and new roads made in the vicinity of old Oak Ridge, where grading was being done by plans drawn by Civil Engineer Bandy. These views were displayed in this city and High Point and were the subject of much comment. Anent the interest now being taken in the "Good Roads Club" scheme of Mr. Wharton we again place the views in the window of the City National Bank. Though a little weather-worn and soiled they show plainly the advantage of the new roads over the old. Take a look at them.

Where to Find It.

Unlike most little afternoon sheets the Telegram prints news on all four of its pages. True, three of the pages have a goodly number of advertisements on them, but there is live reading matter there, too. Our editorials are written here in the office, and whether they are full of spice or ginger, they are original. There often, also, appears local matter on the inside pages. Read the paper all over if you care to see what is in it. You can't always find it on one or two pages

Assault and Robbery.

Squire Pritchett tried two interesting cases yesterday afternoon both entitled: State vs. John Lee. One for assault and battery, the other for robbery. It was charged that Lee brutally assaulted and robbed G. W. Carter near the western border of the city about a week ago. The amount secured was $26.00. The evidence in the case was damaging and the defendant was bound over in bond of $300, in default of which he went to jail.

Letter Written by Andree.

By Cable to THE TELEGRAM.

Leith, Scotland, May 18—The ship Viking brought a letter written by Andree, the missing explorer, found in a bottle by a farmer early in April, near Rifetang, on the northeast coast of Ireland. The letter is addressed to Polar Expedition, Sweeden, and bears Andree's own stamp.

Five Girls Burned to Death.

By Cable to THE TELEGRAM.

Brunswick, Germany, May 18—A large warehouse of the Karstadt Co. was burned last evening and five girls lost their lives in the flames. Several others were injured, one of whom has died since.

Hanged for Complicity.

By Wire to the Telegram.

Norristown, May 18—James A. Clemmer was hanged here this morning for complicity in the murder of Emma P. Kaiser. The drop fell at 10:07.

WILL CUT QUITE A FIGURE.

Disposal of Patronage in Relation to the Speakership.

COMMITTEES WITHOUT CHAIRMEN

Several Very Important Ones--The Chances For Combinations in the Contest For Speaker.

Special to THE TELEGRAM.

Washington, D. C., May 18—It is likely that the disposal of committee patronage in the house of representatives, will cut quite a figure in the contest for the speakership. In the house there will be a large number of important chairmanships to bestow, which become vacant by the retirement of the present chairmen. The committees which are left without chairman are as follows:

Accounts; Alcoholic liquor traffic; banking and currency; claims; coinage of weights and measures; election No. 2; election No. 3; expenditures in public buildings; expenditures in state department; irrigation of arid lands; parents; enrolled bills and printing.

The retiring chairmen are: Odell, of New York, Brewster, of New York; Walker, of Massachusetts; Blumm, of Pennsylvania; Charles W. Stone, of Pennsylvania, Royce, of Indiana; Walker, of Virginia; Colson, of Kentucky; Quigg, of New York; Ellis, of Oregon; Hicks, of Pennsylvania; Hager, of Iowa, and Perkins, of Iowa.

Several of these committees are important ones, and there will likely be contests for the chairmanships. The most important committees being banking and currency; claims, coinage of weights and measures, and the two elections committees. The chances for combinations in the contest for speaker, as will be plainly observed, are many.

In the house very few chairmanships will go to the Southern republicans. In the last house, the south had but three, Walker, of Virginia, Colson, of Kentucky, and Bartholdt, of Missouri. Walker and Colson were both defeated for re-election. It is not likely that the south will have more than one or two chairmanships. Bartholdt, will get his old committee back, and there is said to be a movement on foot to secure a chairmanship for Linney, of North Carolina, who is now the ranking member on elections committee No. 1. It has been suggested that Linney may be selected for the chairman of either elections committee No. 2, or No. 3.

Next week the Maryland division, of veterans, will hold their annual encampment in this city. On account of the large number of members of the organization who will take advantage of the low railroad rates offered for the peace jubilee, the indications point to the largest gathering at the encampment of any previous assemblage of this division. The Maryland division is composed of camps in Maryland, Delaware, Virginia, District of Columbia, North and South Carolina. The sessions will begin Monday, the 22nd instant, and will continue for three days. The delegates will be entertained at a banquet, and will visit Alexandria, Arlington, and other points of interest. They will also be guests of the general committee, of the peace jubilee at the fireworks display on monument lot, reserved seats having been set aside for them.

It is announced semi-officially, that on May 26th, or about that time, the Southern railway will inaugurate a through train service between Asheville, North Carolina, and Columbia and Charleston, South Carolina. If this information is true, it will be of great advantage to the two states and North and South Carolina, and it is said also indirectly of advantage to the traveling public in this section of the country.

Mr. Eppa Hunton Jr., son of Ex-Senator Hunton, who was in the senate just before Mr. Martin, is in the city for a few days. In conversation Mr. Hunton is quoted as saying that the sentiment in his county is strongly for a convention to nominate Mr. Martin's successor. He thinks that it is not improbable that Chairman J. Taylor Ellyson, of the democratic state committee, may call a meeting of the committee for the purpose of letting the state committee take the responsibility of action.

Postmaster Reed, of Newport News, is in the city on business before the postoffice. He says that the business of the postoffice at Newport News is increasing rapidly, and he thinks that it is necessary for the postoffice department to establish three sub-stations. It is understood that Postmaster Reed will make this request of the postoffice department officials.

Representative Hepburn, of Iowa, is in the city, having just returned from a brief trip to Hot Springs, where he saw President McKinley. Mr. Hepburn expresses the opinion that Henderson will be chosen speaker.

Special service in North Carolina has been discontinued at Dudo, Richmond county, from Dockery's store, from May 22nd; and at Trust, Madison county, from Springcreek.

NOTES FROM HIGH POINT.

The Local News From Our Neighbor Briefly Told.

TELEGRAM BUREAU
HIGH POINT, N. C., May 18.

Mrs. D. A. Stanton returned last night from Winston, where she visited relatives.

Jess Harrison, who has had charge of the High Point Upholstering Company business at Goldston, has closed it out and returned home last night.

Mr. J. R. Ball, advertising the Atlantic Hotel, Morehead City, spent last night at Jarrell's Hotel and left on the noon train for Winston. Mr. Ball tells us that there will be from 800 to 1,000 people there all the time this summer.

Prof. Geo. H. Crowell, as we announced yesterday, visited the Greensboro Graded schools and reports a very pleasant and profitable day. He has much to say about the dignity and deportment of both teachers and pupils, and especially the high type of work that is being done. Said he: "I had the pleasure of hearing and seeing work in all grades of the school, and was delighted to see this the great point in instruction emphasized, viz: Getting at the essentials "and not crowding the mind with that which is not worth retention." Prof. Grimsley is filled with enthusiasm for his work, a staunch advocate of public school education, and actually has the oldest and one of the best developed schools in North Carolina. What pleased me so much was this: I had never been in a graded school before, except our own, and I find with all the system method and deportment of the Greensboro schools our schools at High Point is following hard in her sister town's foot-prints." Yes we agree with Prof. Crowell in every sentiment herein uttered. High Point is proud of Greensboro and her schools. No county in the state offers greater educational advantages than Guilford, and certainly no county is blessed with finer public schools.

THURSDAY, MAY 18, 1899.

THEY DISCUSS IT.

People outside of Greensboro discuss our "being at the mercy of the Southern Railway" perhaps, as much or more than we do here at home. From all sides comes sympathetic expressions and we are at a loss how to appreciate them. For instance, if we were standing before the glaring eyes of a monster man-eater with his red mouth wide open and his hot breath on our cheek, and a fellow standing at a safe distance should exclaim: "Poor fellow, he's going to be chewed," we would for the moment be lost in wondering if such sympathy would lessen the pain of the operation.

But, seriously, after "due deliberation" we fail to see that the purchase of the A. & Y. by the Southern will very materially affect the business interests of Greensboro. If it were in the power of that giant corporation to increase rates would it not be "cutting its own throat" to attempt it? It would open the way, aye, it would thereby invite and make a bid for competition. Other systems have their eyes on Greensboro and it will be to the interest of the Southern to keep them out. This can only be done by libaral treatment of our interests.

Greensboro may be regarded as only a small speck on the Southern's great system, but it is a speck large enough to be seen, and the Southern has looked upon it to the extent that we now have the finest depot in the state. Whether this depot shall supply the needs of the city for years to come or whether there shall be one or two more in the near future will depend entirely, we believe, upon the future policy of the Southern railway.

Until the man-eater begins to foam at the mouth and show its cruel fangs there is no necessity for getting excited. Wait for signs of protruding claws before passing upon the intentions of the monster.

Mr. Ceasar Cone subscribes four shares for road improvement per Mr. E. P. Wharton's plan, and in a letter written to the Daily Record yesterday he shows his interest and public spirit by making the following liberal offer: "The amount of money Mr. Wharton proposes for the public at large to raise for the benefit of good roads is $500.00 per mile for forty miles, i. e $20,000.00. If the public at large will raise $16,000.00 of this amount, I will agree to pay the other one-fifth or $1,000.00 going to make up the necessary $20,000.00."

Next week and the week after will be full of interest to Greensboro people and to the state generally. There will be many prominent people here to attend the commencement exercises of the State Normal and Industrial College next week and the Greensboro Female College the week after. In the history of these two magnificent institutions they have never done better work than they are now doing and their commencement occasions will be fraught with interesting features for all friends of education throughout the state.

It looks as if there is positively some rascality going on in New York. The Mazet committee in investigating, has found a list of 117 pool-rooms and gambling houses that have been operating openly. Counsel for the committee says "the chief of police has been interrogated closely concerning his knowledge of the existence of pool-rooms and his action as directed against them. To put it mildly, I think it has been shown that he has absolutely no knowledge and shows no personal interest in these matters."

Let the public-spirited and progressive-minded citizens of Greensboro and Guilford county come on now with subscriptions to the Good Roads Club. We cannot afford to miss such an offer as is made by Mr. Ceasar Cone, and spoken of in another paragraph. Pull for the gala week which comes off the first week in August. Talk for it, rustle for it. Let us determine among ourselves that nothing like it has ever been seen in the state and it will be so.

THE CARE OF ORPHANS.

Founding and Growth of the Work in North Carolina.

The first orphanage ever established in our state was founded by Mr. J. H. Mills nearly 25 years ago. As our readers know, this is the Oxford Orphan Asylum, that has been so great a blessing to our people generally. It is supported in part by the legislature, in part by the Masons, and the remainder is supplied by the voluntary offerings of the people. Col. W. J. Hicks is the present superintendent.

Fourteen years ago the first denominational orphanage was established. It was born in a storm, but it has conquered all opposition and is now acknowledged to be one of the best and most widely useful institutions of the kind in the south. It is hardly necessary to mention its name or that of its general manager.

Two or three years later (we have not the dates at hand) the Barium Springs Orphanage began its blessed work. It is a fine institution with splendid buildings and about 100 children. The work appears not to be so well organized as ours and frequently they are hard pressed for funds to meet expenses, but we are glad to hear they are in very good financial shape and we hope the Presbyterians of North Carolina will not allow their noble orphanage ever to suffer. Rev. R. W. Boyd has been the manager we think from the beginning, and is in that position still.

Then the Episcopalians saw their duty and organized at Charlotte where they have a small orphanage with perhaps thirty or forty children. It is called the Thompson orphanage, and Rev. W. J. Smith is in charge of it They seem to be prosperous and never complain about hard times.

Th eOdd Fellows were the next in the field. About eight years ago they determined to make provision for the helpless children of their dead, and located at Goldsboro, where they have erected excellent buildings. We do not know the number of children there at present. Mr. D. A. Coble is the efficient general manager and the work seems to prosper in his hands.

The last and one the best managed of them all is the Friends Orphanage of Archdale, N. C. This is about six miles from Thomasville and they have some twenty-five or thirty children. It runs along smoothly, and appears to be abundantly supplied with every thing necessary. They have a beautiful farm in connection with the Orphanage which largely furnishes the supplies. The children are taught to work as they ought to be, and everything is as neat as a pin. Mr. and Mrs. Osburn, an old couple, but wedded to their work, have been at the head of the Archdale Orphanage, for aught we know, ever since it was established.

In addition to the above there are two orphanages for colored children about which we know nothing.—Charity and Children.

STILL A MASTER OF TRAINS.

Mr. J. C. Murchison Transferred The Yadkin Division.

By an order issued from the office of of General Manager Kenly, of the Atlantic Coast Line, J. C. Murchison is appointed acting master of trains on the Yadkin Division of the Wilmington & Weldon railway The Yadkin division is that part of the old C. F. & Y. V. including the Bennettsville branch retained by the Atlantic Coast Line. This will necessitate the removal of Mr. Murchison's office to Fayetteville, though his family will remain here at least until more definite orders have been received as to the permanency of his new position.

In this appointment the Atlantic Coast Line has demonstrated the fact that it knows a good man when it sees him. Mr. Murchison has creditably filled the position of master of trains for a number of years and his many friends rejoice at his new appointment, but hope that he and his excellent family may still reside in Greensboro.

A CRAZY MOTHER'S DEED.

Killed Her Baby Boy, Then Cut Her Own Throat.

Statesville, May 17—At eight o'clock this morning, in a fit of insanity Mrs. Mary Foster, wife of John E. Foster, a farmer of Cool Springs township, this county, cut the throat of her sixteen months' old baby boy with a razor and killed him instantly. The mother then cut her own throat with the razor, but not fatally.

She had been insane for a month, but had improved and was not violent. Her husband is a poor but respected man. She will be arrested as soon as she can be moved, and it is hoped that she can be admitted to the hospital at Morganton.

Yellow Jaundice Cured

Suffering humanity should be supplied with ezery means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours. M. A. Hogarty, Lexington, Ky." Sold by C. E. Holton, druggist.

AN HONEST ARTIST.

He Would Not Paint a Lie Even For a Napoleon.

There was no love lost between the Emperor Louis Napoleon and his cousin, Prince Napoleon, whom the Parisians called "Plon Plon." The prince used to make abusive speeches against the emperor, which people were only too ready to repeat to him. "Let him alone," Louis Napoleon would reply. "He is too well known. No one would turn me out to place him on the throne."

The emperor was correct, for no one said a good word about "Plon Plon." He was commonly believed to have shown the white feather in the Crimea and never exposed himself where the lead was falling. An English lady, who in her young days mingled with French society, tells in her "Foreign Courts and Foreign Homes" a story as discreditable to Prince Napoleon as it is honorable to a French artist.

While the artist was painting the historical picture of the battle of the Alma, which the emperor had ordered, Prince Napoleon called at the painter's studio to make known to him the facts. On leaving he said he wished the prominent figure in the battle to be himself mounted on his white charger. He sent the horse to the artist so that he could paint its exact portrait. When the picture was finished and invitations were sent out for a "private view," the white charger was seen, a prominent figure in the battle, but without a rider.

On hearing of this terrible omission the prince sent an aid-de-camp to ask the reason. The honest artist said the horse should remain if the prince wished, but no rider would be on it. "Tell the prince I have never yet painted a lie." The hint was taken. The prince ordered the horse to be rubbed out.

The Business of a Theater.

A prosperous theater in the city of New York may in a favorable season do a business of more than $250,000 and keep in employment 150 persons. There are 37 theaters, including the variety houses, in active operation in the boroughs of Manhattan and the Bronx, while the borough of Brooklyn adds a score or more. Everything which affects business in general affects the theater immediately.

A man will reduce his expenditures for tickets to places of amusement long before he thinks of cutting down his supply of cigars, for the cigar belongs to that class of luxuries which subtly become necessaries, while the theater habit, as any observant manager will tell you, requires constant cultivation. The management of a theater is therefore an occupation requiring business sagacity in a greater degree than it calls for artistic taste.—W. J. Henderson in Scribner's.

A man may be a woman-hater, and yet be a lady-killer. For instance, there was "Jack the Ripper."

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft-repeated experience of trust-worthy persons may be taken for knowledge. Mr. W.M. Terry says Chamberlain's Cough Remedy gives better satisfaction than any other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. She—"Shall I sing 'When Summer Comes Again?'" He—"Yes—next summer."

How hard a mother has to coax before she can get her child to take its first step.

It is just about as hard to induce a confirmed invalid, especially one suffering with weakness of the lungs, to take the first step to health. There is a lack of confidence, and perhaps a crushing experience of a former failure which depresses and discourages the sufferer.

In spite of doubts and fears you will take the first step to health when you take the first dose of Dr. Pierce's Golden Medical Discovery. It never fails to help. In ninety-eight cases out of one hundred it never fails to cure. Never mind about the symptoms. Obstinate cough, bleeding of the lungs, spitting of blood, emaciation, night-sweats, conditions which if neglected or unskillfully treated terminate in consumption, have all been perfectly and permanently cured by "Golden Medical Discovery."

Sick persons are invited to consult Dr. R. V. Pierce by letter, absolutely without fee or charge. Every letter is regarded as sacredly confidential. Each answer is mailed in a plain envelope. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

"My wife was taken sick in August, 1897," writes Wm. Huelbig, Esq., of Benton, Franklin Co., Ills. "The doctors and neighbors pronounced her trouble consumption. I had two physicians but they did not do much good. She coughed night and day; could not lie down for coughing and she got down very low. I thought she never could be cured. Then I got four bottles of Dr. Pierce's Golden Medical Discovery and she took all of it, and is all right now. She is stouter than before we were married. She is taking care of the baby and does all the housework including the washing."

THE BACHELOR GIRLS.

Most Delightful Meeting Yesterday With a Popular Member.

The Bachelor Girls met yesterday afternoon at the home of Miss Ruth Porter, on Summit avenue, and were entertained in their hostess' usual happy style. There were ten young ladies present and the house was elaborately decorated in white and green, the colors adopted by the bachelors.

The feature of the meeting was the guessing game, "A Racket Full of Cents," in which there were thirteen questions. Miss Susie Reese submitted the largest number of correct answers, thereby winning the prize, a beautiful sterling silver paper knife with pearl handle. The refreshments consisted of strawberry cream and cake and were served in the most pleasing manner.

Dewey's Jeweled Sword.

Washington, May 17—A notable feature of Admiral Dewey's arrival in Washington, will be the presentation to him by the president of the superb jeweled sword, made by authority of congress, as a testimonial from the government.

The sword was completed some time since, but owing to its delicacy and great value, it was deemed best not to send it to the admiral. It is now in a safe deposit vault, awaiting his coming. The presentation to the officers and men of the admiral's flagship of the handsome medals authorized by congress will occur probably at the same time.

The women of Michigan University have adopted resolutions approving of the Peace conference.

Professor Howard Ayres, of the University of Missouri, has been elected president of the University of Cincinnati, O.

If you have piles, CURE them. No use undergoing horrible operations that simply remove the results of the disease without disturbing the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It has never failed to cure OTHERS. It will not fail to cure YOU. Howard Gardner.

As the result of a feud, John A. Hunter, of Lostine, Ore., was shot and killed by Mrs. G. R. Elliott, who committed suicide.

Pneumonia, la grippe, coughs, colds, croup and whooping-cough readily yield to One Minute Cough Cure. Use this remedy in time and save a doctor's bill—or the undertaker's. Howard Gardner.

Judge Ricks, of the Federal court at Cleveland, O., has enjoined that city from reducing street car fares from five cents to four.

People who have once taken DeWitt's Little Early Risers will never have anything else. They are the "famous little pills" for torpid liver and all irregularities of the system. Howard Gardner.

Mrs. Sarah Newberry, aged 75 years, of Yankee Springs, Mich., was assaulted and killed, it is supposed, by Charles P. Smith.

Little, neglected scratches and wounds frequently result in blood-poisoning. Better heal them quickly with DeWitt's Witch Havel Salve, a thoroughly anti-septic application with a record of always curing piles, old ulcers, sores, cuts, wounds and skin diseases. Howard Gardner.

The elevator boy in the modern office building may not be a raconteur, but he knows a good many stories.

If you suffer from tenderness or fullness on the right side, pains under shoulder-blade, constipation, biliousness, sick-headache, and feel dull, heavy and sleepy, your liver is torpid and congested. DeWitt's Little Early Risers will cure you promptly, pleasantly and permanently by removing the congestion and causing the bile ducts to open and flow naturally. They are good pills. Howard Gardner.

"Sadie Fegduds isn't drawing very well at the opera house, is she?" "No; she doesn't draw very well, but she paints."

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worcester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children. —W. A. Stroud, Popomoke City, Md. For sale by C. E. Holton.

A wealthy young man should be easy prey for the summer girl who has an ear for music, for it's no trouble for her to catch an heir.

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery by purchasing of us a bottle of Dr. King's New Discovery for consumption, and was so much relieved on taking first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co., of Shelby, N. C. Trial bottles free at C. E. Holton's drug store. Regular size 50 cents and $1.00. Every bottle guaranteed.

THE OLD REBS

Gave a Rebel yell and carried Charleston by storm. They have the right of way on all occasions; and in fact they are entitled to it. Just so with

Harry-Belk Brothers Co.

They have carried Greensboro by storm—captured the whole city and country without encountering the slightest obstacle. We did not raise a Rebel yell to accomplish what we have done, but simply turned loose our "Gatlin gun" and shelled the woods. The same was loaded with panic goods. Railroad wrecks and the like brought them down at long range. To see the crowds flocking to our store you would think we had another Confederate

RE-UNION

here, but it is this Cuban warfare among prices liberates our bargain counters and, my, the way the way the masses are accepting the situation—freedom from the galling yoke of high prices and big profits is enough to stir the country from center to circumference. "Watch out!" Our buyer has been in New York and Boston for some time closing out shoe manufacturers, clothing merchants, dry goods stocks, etc, at often less than the cost of making. Going north at this season gives us a decided advantage over others, for all manufacturers are anxious to clean up the stocks on hand before the fall season opens. Few goods piling in every day.

Listen! Checks 2c, calico 3c, bleaching 4c, towels 2½c, lawns 2c, ladies' patent sandals 68c, worth $1.50; ladies' and children's Oxfords and slippers 25c up. Never before had goods so cheap. All we ask is for you to see them. It is like picking up dollars. We have bargains to offer you all our our store, so if dollars are worth anything to you, you can save them by looking through our stock of dry goods, notions, shoes, hats, gents' furnishings, etc., much easier than you can make them, no matter how easy they come.

So hide ont, little ones, and give the people the right of way to
